4.1. Procedure for obtaining NOC for Rental Lifting Equipment 3
4.2. Procedure for obtaining NOC High Risk Supply 4
4.3. Disclaimer 4
5. Related Forms 4
6. Applicable Regulations/References 5

1. Purpose

The purpose of this document is to ensure proper compliance and maintain best practices in the supply of the below high-risk supplies:

- Rental Lifting Equipment
- High Risk Supplier (Vehicle-carrying Gas Cylinders and industrial Fuel/Gas Supply Tankers)

2. Scope

This guide applies to all rental and high-risk suppliers to supply within the RAKEZ jurisdiction.

3. Definitions

- **HS&E Department** – Health, Safety & Environment Department
- **RAKEZ** – Ras Al Khaimah Economic Zone - Government of Ras Al Khaimah
- **RAK CD** – Ras Al Khaimah Civil Defence

4. Procedure

4.1. Procedure for obtaining NOC for Rental Lifting Equipment

- The NOC application form shall be submitted to RAKEZ HS&E Department by clicking here along with the following documents:
  - Copy of valid load test from RAKEZ registered consultants
  - Copy of equipment registration
  - UAE Trade Licence *(applicable for new supplier registration)*
- Upon receipt of the application, a sales order will be issued with service fees as per the HS&E Service fees – (HSE-SF01).
- Upon confirming the payment and satisfactorily completing the submission of the documents, the NOC shall be issued subsequently within **two (2) working days.**
- In case any amendment is required for the NOC, the supplier shall apply for amendment NOC application by clicking here.
- The supplier shall maintain valid NOC and for renewal NOC application shall be sent prior to the expiry of NOC by clicking here.
- In case cancellation is required for the NOC, the supplier shall apply for cancellation/suspension of NOC by clicking here.

Note: For urgent requests, such as equipment malfunction, changes in lifting capacity requirements, or unavailability of specific equipment, clients operating within RAKEZ jurisdiction may submit a request on behalf of their rental lifting equipment supplier by clicking here. An amendment to equipment details for the same rental supplier may be made at no additional cost within three (3) working days from the date of NOC issuance. Please note that only one amendment without additional charges is allowed per NOC.

4.2. Procedure for obtaining NOC High Risk Supply

- The NOC application form shall be submitted to RAKEZ HS&E Department by clicking here along with the following documents:
  - Copy of equipment registration
  - Copy of driving licence
  - Copy of valid RAK Civil Defence NOC
  - UAE Trade Licence *(applicable for new supplier registration)*
- Upon receipt of the application, a sales order will be issued with service fees as per the HS&E Service fees – (HSE-SF01).
- Upon confirming the payment and satisfactorily completing the submission of the documents, the NOC shall be issued subsequently within **two (2) working days.**
- In case any amendment is required for the NOC, the supplier shall apply for amendment NOC application by clicking here.
- The supplier shall maintain valid NOC and for renewal NOC application shall be sent prior to the expiry of NOC by clicking here.
- In case cancellation is required for the NOC, the supplier shall apply for cancellation/suspension of NOC by clicking here.

4.3. Disclaimer

All suppliers shall be solely subject to the laws of the UAE for losses or damages in terms of life and property stemming from design/reporting errors, supervision and/or implementation errors, deficiencies in inspections, failure to construct in compliance with the required standards, failure to comply with the rules of professional ethics, failure to use knowledge and experience, and similar reasons; and severally liable where the consultants have undertaken control and any consultation services on works. The suppliers shall be liable to complete and compensate for any such losses or damages according to the laws of the UAE. RAKEZ and its employees are not responsible or liable for any such losses or damages, errors, deficiencies, and failures on the part of the consultants.
